LB 404

PRESIDENT: Priority bills.

CLERK: Mr. President, LB 404 was a bill introduced by Senator Keith Boughn (read bill).

PRESIDENT: Senator Kremer.

SENATOR KREMER: Mr. Chairman, members of the Legislature. I'm going to move that the committee amendments be rejected for this reason. By visiting with the people in the industry, we felt that LB 404 should consider some quite lengthy amendments and we did adopt them. I think that we did improve the bill quite a lot after that, after that. The industry itself and especially as the mopeds came into the picture we felt did a better job in offering amendments and more clearly defined the areas of concern and so as a result of their working on this bill they came out with what we call commonly a white copy, which are their proposed amendments. I think that they are better than the committee amendments. They spell out more clearly what ought to be done to improve the bill. I move that we reject the committee amendments and then Senator DeCamp is prepared to explain the industry's amendment and it is known as the white copy and I believe that it is in your books. I move, Mr. Chairman, that the committee amendments be rejected for these reasons.

PRESIDENT: Any discussion? The motion is to reject the committee amendments. Is that correct Senator? Record your vote. Record.

CLERK: 26 ayes, 0 nays on the motion to reject the committee amendments, Mr. President.

PRESIDENT: They are rejected.

CLERK: Mr. President, Senator DeCamp and Merz have asked for unanimous consent to add their names. That was ordered. Senator DeCamp now asks unanimous consent to have his name withdrawn as cointroducer. To withdraw your name as co-introducer. Mr. President, the next amendment is offered by Senator Reutzel. Read Reutzel amendment.

SENATOR REUTZEL: That is not the new one that we handed in this morning.

CLERK: You want this one withdrawn then? Right?

SENATOR REUTZEL: Right. Mr. President, members of the body, I would ask unanimous consent to withdraw that. I have the corrected amendments coming up later.

PRESIDENT: It is withdrawn.

CLERK: Mr. President, Senator DeCamp now moves to amend. The amendments, Mr. President, were printed separately, the reference is on page 1083 of the Legislative Journal, but you will find them in your bill book.

SENATOR DE CAMP: Mr. President, I shant take a whole bunch of time. Senator Boughn had this bill originally. There was a problem arising and it was how to handle these mopeds.
